

ABRASIVE CLOTH FOAM (SPONGE) ROLLS :

Description

Abrasive CLOTH foam (sponge) roll lasts up to 10 times longer than paperback sandpaper. The foam backing decreases uneven friction and provides contact with all surfaces throughout the sanding process. The foam allows pressure to be applied evenly, thus reducing the risk of sanding through the surface.

The sanding surface is Aluminum Oxide and available in a variety of sandpaper grits from 40 until 400.

- Lasts up to 10x longer than similar product with sandpaper.
- Easy to tear off to any size.
- Foam backing creates even contact with surface for a smoother finish.
- Foam reduces uneven pressure which prevents scuffing.
- Rolls are 115mm x 1m or 115mm x 10m.

Its high flexibility ensures that it adapts perfectly to contours, curves and profiles to deliver a high-quality, consistent sanding pattern. The foma backing is suitable for hand sanding of corners, angles of plastic car body parts and all difficult shapes of furniture. The foam backing is suitable for hand sanding of corners, angles of plastic car body parts and all difficult shapes of furniture. As well drywall on most drywall types or in repainting tasks.

Advantages

- Low clogging thanks to 3D properties imparted by foam, binder system and grit.
- For hard-to-reach areas and round profiles.
- Regular scratch depth due to consistent grinding performance.
- Minimal risk of sanding through from high contact pressure.

Applications

- Keying of wood and plastics.
- Keying of conventional old and new varnishes, primer filler and paints.
- Fine sanding of primer filler in hard-to-reach areas.
- Producing a matt finish on varnishes.
- Flattening of primer filler.
- Intermediate sanding of varnishes.
- Especially designed for drywall , painting and automotive sanding..

Product profile

Grit type: Aluminium oxide

Grit range (total): 40-60-80-100-120-150-180-220-240-280-320-400

Backing: Foam (open structure)

Coating: Mechanical

Bonding: Elastic binder

Special coating

More applications

Solid Hard Wood

Solid Soft Wood

Veneer

Lacquer

Auto

Drywall
